

Restrictions Applying to

GARDEN OAKS

Section One

The term "restrictions" is often misunderstood. In fact, the more appropriate term would be "protections", but we use the term "restrictions" due to the fact that it is generally used.

These or any other properly compiled restrictions are for the protection of the purchaser of property in such a subdivision for the purpose of making it a more desirable place in which to live, and also to protect and enhance the value of the investment by the purchaser, and that in this instance is our purpose and intent.

The following is an exact copy of the restrictions, easements, reservations, stipulations, and conditions as filed in the Deed Records of Harris County, Texas, in Volume 1061, Page 113, which form a part of any instrument of conveyance executed by Garden Oaks Co. transferring property in Garden Oaks, Section One:

The Company, its successors or assigns, shall never be required to join in the execution of any oil, gas or mineral lease covering said property and shall not be entitled to participate in any bonuses or rentals provided for in any such lease. The purchaser, his heirs, legal representatives or assigns, shall have the exclusive right to lease said land for oil, gas and mineral development, provided that any such lease hereafter executed shall nevertheless be subject to the royalty interest herein reserved.

MAINTENANCE FUND

A sum equivalent to Forty Cents (40c) per lineal foot based upon the front footage of each lot shall be added to the sales price of each lot when sold, and when collected from purchasers either out of the cash consideration, or as part of the deferred purchase consideration, shall be set aside as a maintenance fund and held by Garden Oaks Co. and used for the purposes hereinafter provided. An accounting of such funds shall be made during January of each year for the proceeding year, commencing in January, 1939; and a statement of receipts and disbursements of this fund shall be posted in the office of the Company or upon some prominent location upon the property in said Subdivision. In case such deferred payments are made in installments, the Company shall set aside a proportionate part of all installment payments received for the payment of any lot, on a pro rata basis of the cost of the lot and the amount of the maintenance fund included in the sales price of same.

The maintenance fund so created shall be used for the purpose of maintaining streets, utilities, or for the installation of same, and for such other general purposes as are considered in the interest of and for the general welfare of the property owners of said Subdivision as a whole. The maintenance fund may be used for such purposes in the discretion of the Company commencing January 1, 1938. Garden Oaks Co. agrees to maintain out of its own funds all streets and utilities owned by it in said Subdivision, during the year 1937.

The Company reserves the right to transfer said fund and the administration thereof, if and when it so desires, to three (3) individuals who shall be resident property owners in said Subdivision, such persons to constitute a Board of Trustees representing all of the owners of property in said Subdivision in the administration of the maintenance fund. The trustees so appointed shall continue to act as such, subject to removal by the Company for any act considered by it adequate, and it shall in such event have the right to appoint successor trustees for the administration of said fund. If at any time the owners of fifty-one per cent (51%) of the lots in said Subdivision (one lot or homesite constituting one ownership) shall become dissatisfied with the management of this trust, they shall have the right to remove any trustee and appoint a substitute trustee, by appropriate petition bearing the signatures of the property owners so acting. The petition shall describe the property owned by each petitioner (this meaning when property is owned by man or wife that either may sign but not both). The petition shall be presented to the Board of Trustees then in office, and if such trustee or trustees, whose removal is desired, does not resign and turn over to the remaining trustees any funds in his possession, upon such request, the petitioners making such request shall have the right to resort to appropriate legal action.

The Company also reserves the right to designate and authorize the Board of Trustees, so appointed to administer the maintenance fund as above set forth, to perform all the duties imposed upon it under the heading of "Architectural Restrictions" herein, and upon making such designation in writing the Company shall be released from any and all duties so imposed upon it. Such right may be exercised by the Company at any time it considers it to the best interest of the Subdivision to do so.

It is agreed that all sales of lots in said subdivision shall be subject to easements over and across such portions of each lot, as hereinafter designated, as may be deemed appropriate or necessary for the purpose of installing, using, repairing and maintaining public utilities, water, sewer lines, electric lighting and telephone poles, pipe lines, and drainage ditches or structures, and/or any equipment necessary for the performance of any public or quasi-public utility service and function, with the right of access thereto for the purpose of further construction, maintenance and repairs. Such right of access to include the right, without liability on the part of any one or all of the owners or operators of such utilities, to remove any or all obstructions on said easement right-of-way, caused by trees, brush, shrubs, either on or overhanging such right-of-way, as in their opinion may interfere with the installation or operation of their circuits, lines, pipes, or drainage ditches or structures.
